Lead UX/UI Designer & Front end Dev

M A

I am a UX/UI Designer, Typography Lover and Front And Developer. Designing is my passion. As a Lead Designer I meet end to end requirements using design principles and user satisfaction. The only good ability inside me is that I am a quick learner. Learning new tech with the time is always something I look forward to.

Lead UX/ UI Designer and front end development

I am working here as a part time job as a lead UX/UI Designer and front end developer. My work is to work on multiple projects and organize the other designers as well and lead them to good design scusse. And also the good learning environment to learn new skills as they go alone.
